RATHBONES ASSET MANAGEMENT

Rathbone SICAV Global Opportunities

L GBP ACC
30 September 2026

Investment Objective

The objective of the Sub-Fund is to provide above average long term capital growth through direct or indirect exposure to equity securities of issuers worldwide. The Sub-Fund is actively managed at the Investment Manager's discretion without reference to any benchmark. The Investment Manager looks for less well known large or mid-sized growth companies from developed markets. The Investment Manager is not restricted by sector or geography. The Sub-Fund typically holds between 40 and 60 positions. There is no guarantee that this investment objective will be achieved over five years, or any other time period. The subfund is classified as an Article 8 financial product under SFDR.

Investment Strategy

This is a stock-picking fund, which means we invest in a small number of global stocks. We search developed countries for innovative and scalable businesses that are growing fast and shaking up their industries.
To be successful, we believe businesses have to offer something that others can't match – a star quality. They must be easy to understand, different to their competitors, durable to change and difficult to imitate. Companies must have a plan to grow rapidly without running out of money or overstretching their resources. Our speciality is spotting these businesses before they are household names. We buy companies of all sizes, but our sweet spot is mid-sized growth companies in developed markets. We avoid investing in companies listed in emerging markets. We avoid investing in businesses which have previously performed poorly, preferring those with an unblemished past. We don't invest in unpredictable sectors with poor growth prospects. To reduce risk, we hold a defensive bucket of companies with slow and steady growth that should be less sensitive to the economy.

The OCF includes the charges for the underlying funds held in the product. From April 2018, the ongoing charges figure has been calculated according to PRIIPs regulations, which came into effect on 1 January 2018. Holdings are based on six monthly audited accounts. Changes to fund holdings within this period may result in higher or lower ongoing charges. The OCF is included in the Annual or Interim report and are calculated biannually. The OCF is estimated to reflect the expected ongoing expenses.
