RATHBONES ASSET MANAGEMENT

Rathbone Greenbank Global Sustainable Bond Fund

F GBP ACC
31 October 2026

Investment Objective

The objective of the fund is to deliver a greater total return than a composite benchmark (70% ICE BofA Global Corporate Index (GBP Hedged), 15% ICE BofA Global Government Excluding Japan Index (GBP Hedged), 15% ICE BofA All Maturity Global High Yield Index (GBP Hedged)), after fees, over any rolling five-year period.

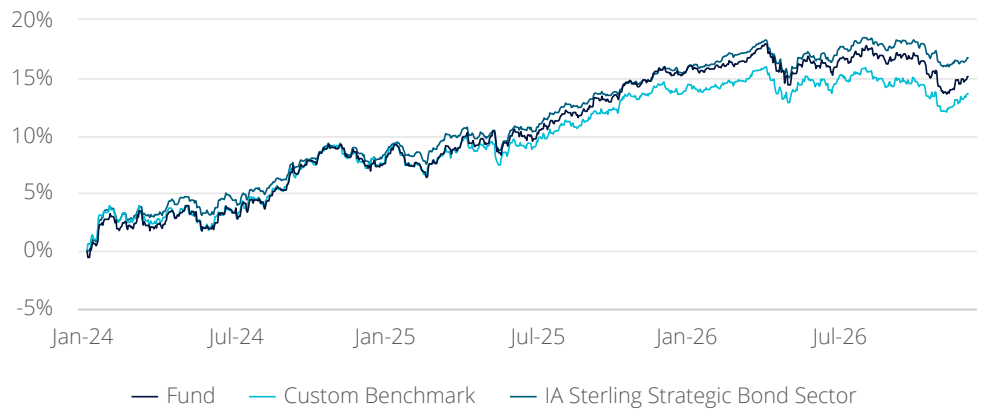

There is no guarantee that this investment objective will be achieved over five years, or any other time period.

Total return means the return we receive from the value of our investments increasing (capital growth) plus the income we receive from our investments (dividend payments).

Investment Strategy

To meet the objective, the fund manager will invest globally with at least 60% in investment grade credit (with a credit rating of AAA to BBB-). The remaining 40% of the fund may be invested in government bonds, investment grade corporate bonds or high yield corporate bonds (with a credit rating below BBB or with no rating at all). Our fund's ethical and sustainability criteria are applied by Rathbone Greenbank Investments, an ethical research division of our company, which cannot be influenced by our fund managers. Companies are assessed against positive and negative social and environmental criteria.

Fund performance Since inception

30.11.2023 to 31.10.2026, mid-mid, percentage change.*The custom benchmark performance is based on 70% ICE BofA Global Corporate Index (GBP Hedged), 15% ICE BofA Global Government Excluding Japan Index (GBP Hedged), 15% ICE BofA All Maturity Global High Yield Index (GBP Hedged). **Past performance should not be seen as an indication of future performance. The value of investments and the income from them may go down as well as up and you may not get back your original investment.**

Important Information

Copies of the Prospectus, the Key Investor Information Document (KIID), the Supplementary Information Document (SID), and application forms may be obtained, free of charge, from Rathbones Asset Management Limited.

Strategy AUM is composed of the AUM of funds that share an investment strategy and similar regulatory constraints and are managed by the same fund management team. Where the funds are denominated in different currencies these have been converted into the share class currency of this factsheet as at month end using the European Central Bank exchange rate.

Investors should carefully read the Key Investor Information Document (KIID), Supplementary Information Document (SID) and Prospectus for detailed investor risks and before making an investment decision.

The value of investments and the income from them may go down as well as up and you may not get back your original investment.

For more details on the investment policy please refer to the prospectus.

The annual management charge and other income expenses are paid out of the fund's capital.

Details of tax levels and reliefs may change in the future. The value of any tax relief depends on individual circumstances. If you have any doubts about your tax position, or the suitability of this investment, you should seek professional advice.

Interest rate fluctuations are likely to affect the capital value of investments within bond funds. When long term interest rates rise the capital value of units is likely to fall and vice versa. The effect will be more apparent on funds that invest significantly in long-dated securities. The value of capital and income will fluctuate as interest rates and credit ratings of the issuing companies change.

Important Notes

If you require clarity on any of the terms used in this factsheet then please refer to our Supplementary Information Document for further explanation.

Source performance data Morningstar.

The ongoing charges figure (OCF) includes the Annual Management Charge and all appropriate costs that may be deducted from the fund's assets, in line with current regulatory and industry guidance. Where appropriate, the OCF may include a synthetic element relating to the costs incurred in underlying collective investment undertakings, where permitted by the Prospectus. The OCF is included in the Annual or Interim report and are calculated biannually.
